The honeybee

The beauty of the world
unfolds.

If you just look you will
behold!

Oh nature, is just a joy,

So let`s get out and
explore.

Oh, honeybee, oh
honeybee,

Please, tell me how you
became so bold.

The wonders which I have
seen,

From the green leaf to the
honeybee

The grass is green,

And the trees are green.

Oh, honeybee, oh,
honeybee!

Please, tell me, are you a
worker or a queen?
